

WHICH FORMS SHOULD I COMPLETE?

As of 5/11/26, CMS now requires providers to complete a **Provider Attestation** with their Medicare Administrative Contractor (MAC).

For those who exchange eligibility transactions through HETS for Medicare Part A and Part B, or use MBI **look up**, CMS now requires providers to complete a **Provider Attestation** with their Medicare Administrative Contractor (MAC).

Each MAC has instructions posted on their website under **HETS EDI Enrollment** (see links below), which explains the attestation process and required information. As part of this process, you will need to complete two Provider Attestation's.

The first Attestation should include: Office Ally's Trading Partner Unique ID: 77HS

The second Attestation should include: Inovalon's Trading Partner Unique ID: VQAS

Failing to complete the enrollment for all NPIs you run the Eligibility & Benefit transaction for may cause delays in your 270/271 transactions. Instructions differ by MAC. Ensure you are following the full guidelines per your individual Medicare MAC and make note of any requirements they may have for renewing the attestation.

WHAT IS THE TURNAROUND TIME?

Standard Processing Time varies per MAC, however most are processed within 10 business days.

MEDICARE ADMINISTRATIVE CONTRACTOR (MAC) ATTESTATION LINKS:

Each of the Medicare MAC links below provides attestation guidelines and contact information.

- **CEDI (DME)**
This page provides HETS EDI enrollment instructions and access to the provider attestation process.
