

REAL TIME ELIGIBILITY CHECKING SERVICES

Office Ally offers real time eligibility checking services for a large number of commercial and government payers to help providers streamline their patient care administrative process. Eligibility results are immediate, easy to read, and contain important co-pay and deductible information. These services will allow you to determine whether a patient is eligible and what their benefits are before they even step foot into your office. No more waiting on hold with a payer or dealing with automated IVR phone systems to check a patient's eligibility benefits; saving you time and money.

BENEFITS:

- Available 24 hours a day, 7 days a week
- Confirm eligibility prior to seeing patient
- Detailed benefit information including co-pay and deductible information
- Shorten check-in time
- Increase administrative efficiency and productivity
- Reduce administrative costs
- Reduce costly claim rejections
- Increase cash collections
